

### POWER ENGINE CF4 15W40 I.C. ENGINE / DG SET OILS

**POWER ENGINE CF4 15W40** oils are commercial multipurpose diesel engine oils meeting requirements of off-highway diesel engines and DG sets operating on distillate fuels. They are also recommended for petrol engines, allowing to be used effectively in mixed fleet operations. These oils assure outstanding protection against high temperature engine deposits, oil degradation, oil thickening and corrosion resistance. These oils have excellent shear stability to maintain viscosity under severe, high temperature operations.

<b>PERFORMANCE STANDARDS:</b>	API CF4/SF	VW 505 issue 11/92
	Daimler Benz 228.1	MAN 271
	CCMC D4 and PD-2	Mack EO-K2
	Allison C-4	

CHARACTERISTICS	POWER ENGINE CF4
	15W40
Kinematic Viscosity, @ 100°C, cSt	13.5-15.5
Viscosity index, min	140
Flash point (PMCC), °C, min	200
Pour point, °C, max	-18
TBN, mg KOH/gm	13

#### APPLICATION:

- Recommended for use in modern and low emission diesel engines. It is also suitable for petrol engines of modern cars.

#### PERFORMANCE BENEFITS:

- Ease in cold starting due to very high viscosity index
- Maintains high order of engine cleanliness
- Prevents engine parts from rusting and corrosion
- Outstanding protection against high temperature engine deposits, oil degradation, oil thickening and corrosion resistance
