

Defy Plus

Protective water-proof aerosol coating

Rust resistant aerosol shield, protects metals such as: iron, copper, steel nickel, metal surfaces and equipment

- Does not damage the ozone layer
- Repels water and moisture
- Waste-free
- Effective against oxidation and corrosion
- Does not crack, peel or dry
- Acts as a battery protector and anticorrosion treatment

FEATURES AND BENEFITS

PASSES TESTS ON SALT AND MOISTURE CHAMBERS

After these tests, there was no reported black, white, or red corrosion – according to rule ASTM B-117, protects iron, aluminum, steel, copper, nickel, and magnesium

USEFUL IN MANUFACTURING INDUSTRIES

Protects different types of metals and shiny metallic surfaces during storage and transportation in the production process

VERSATILE

Prevents oxidation on tools, gun chargers, shooting mechanisms, automotive cables, lubricates hinges, window and door grooves, equipment surfaces in the metal-mechanic industry

ECONOMIC

Aerosol, so only the necessary will be applied

Defy Plus

Rust inhibiting treatment

INDUSTRIES / CLIENTS

- Industrial plants
- Maritime industry
- Transportation industry
- Textile industry
- Refineries
- Automotive industry
- Institutions

AREAS OF APPLICATION

- Machinery
- Polished metallic surfaces
- Sports equipment
- Storage of parts
- Maritime transportation of metallic equipment
- Saws, stress heads and cables
- Agriculture equipment

TECHNICAL SPECIFICATIONS

Clarity	Transparent liquid
Color	Amber
Odor	Characteristic
Evaporation Point	193.3° C
Vapor Pressure	1.13
Specific Gravity gr/cm ³	0.995
Flash Point	57° C
Solubility in Water	Insoluble

PRECAUTIONS

- Keep out of reach of children
- For more information, consult the product label
