

# DIESEL MATE PLUS

Diesel fuel improver with Biocide

**Raises the cetane rating up to 15% to boost engine performance**

- ▶ Increases fuel mileage by up to 10%
- ▶ Reduces gelling and clogging of filters and injector tips
- ▶ Inhibits oxidation and reduces corrosion
- ▶ Prolongs engine life

## **FEATURES & BENEFITS**

### **PREVENTS ENGINE WEAR**

Contains AA-93—a lubricity additive that extends the service life of fuel pumps, injectors, and other engine parts.

### **QUICK ENGINE START-UP**

Contains ignition improvers that shorten cranking time, reducing detonation wear on engines.

### **PREVENTS RUST AND CORROSION**

Controls water and disperses sludge and gum to prevent clogged, rusted and corroded fuel filters and injector tips.

### **PREVENTS WATER EMULSIFICATION**

Has demulsifiers that separates moisture from fuel to prevent poor engine performance due to wet fuel.

# DIESEL MATE PLUS

Diesel fuel improver with Biocide

## Areas of Application

- ▶ Construction equipment
- ▶ Trucking and delivery fleets
- ▶ Bus barns and school buses
- ▶ Mining operations
- ▶ Diesel fired boilers
- ▶ Production plants

## DIRECTIONS

### Vehicle Fuel Tanks

1. Add 125 ml for every 100 liters of fuel. Always add **DIESEL MATE PLUS** to the tank before filling to ensure complete mixing.

### Bulk Storage Tanks

1. Add 1 liter for every 1000 liters of fuel. Either add **DIESEL MATE PLUS** when the bulk tank is empty or half-full, or add using a re-circulating pump.

### For low-cetane fuel or with fuel that gives poor cranking:

1. Double the amount of **DIESEL MATE PLUS** to be added.

### For extremely dirty engines:

1. Adjust the fuel injector tips after using 2 to 3 tanks of fuel treated with **DIESEL MATE PLUS**.

Use **DIESEL MATE PLUS** on back-up generators and power engines for:

- Hospitals and schools
- Large office buildings
- Utility companies
- Mining operations
- Drilling rigs

### **REMARKS:**

Do not use in gasoline engines.

### **Certified Laboratories**
